CHRISTMAS

"Wanted—A printer." This sign adorns the State penitentiary of Ohio. Thereby hangs a tale. For many years past the Ohio penitentiary News was issued regularly from the State prison of the Buckeye Commonwealth. But now that publication is no more. The reason is that there are no printers confined in that institution and in consequence the prison journal, after a life of usefulness, though in a field unfortunate and lowly, has closed its final form and rests in the great newspaper graveyard. No man is there to edit, or write copy, or set type. The newspaper men are on the outside.—Lexington Gazette.

Poultry and Eggs.

This is the month to clean up your poultry shipments as prices are usually high during the month. If you hold any turkeys back for Washington's birthday marked let them be young hen turkeys, dry pick and ship chickens and fowls especially old fat hens, they will do well this month. Live chickens will do well too. I advise heavy shipments of fresh eggs also. I am now getting liberal shipments from your section which are in most instances arriving in good condition and selling at top prices. All poultry markets have been in a fluctuating condition since Christmas owing to the unusual warm weather but we certainly look for colder weather and better general conditions this month. Let your shipments of eggs and live and dressed poultry come. All business entrusted to me will have my personal attention, all inquiries promptly answered. Remember my references previously given.

Yours to serve.

PAINT ECONOMY

It is poor economy to use poor paints on your building, and you can't afford to do it—especially when you consider that the labor is the most costly part of painting. If you paint, this spring, use **Buffalo A. L. O. Paints**, and feel satisfied that you have the Best.

Buffalo Paints look best, protect and preserve your property longest, because they contain the best and most lasting pigments **OXIDE OF ZINC** and **WHITE LEAD**, ground in Aged Linseed Oil in correct proportion, making a **Perfect Paint**. Before you decide on the kind of paint to use, you ought to know about **Buffalo Paints**. Send for our 1907 Color Charts and valuable Paint Information.

There are several things Marlinton can well boast of, among which is our excellent school facilities. We doubt very much if there is a town in the state of this size so good a school building as Marlinton is located. With a corps of the best teachers in the state it is necessary for our people to send their children away to receive an education, unless they are to put on the finishing touches or, of course, to put on a

make as though the tax payers of Marlinton sub-district were the worst of the school district. The extra amount required to run the school here is to be made up by special levy on the sub-district, while from all parts of Edray are allowed to come here without additional cost.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA Remedy.

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. PRICE, 25c.

gas has been burning for several weeks very few residents knew of it until the fact was made public this week. The well is a little over a thousand feet deep. In boring a fine stream of salt sulphur water was encountered which resembles the water found at Webber Springs. The casing has all been pulled from the well except at 300 feet. This has been so arranged that persons wanting the gas can get it in unlimited quantities.

Andy Price for Congress.

The Fayette Sun is boosting the Hon. Andrew L'rice, of this county, for the Democratic nomination for Congress. We dislike to butt in on other people's affairs, for we have enough to do to attend our own. Andy would make a good congressman and we should like very much to see him get the nomination, as it would bring Marlinton into the limelight, but with Joe Gaines as his opponent it would be rather an empty honor.
